

DRINKING WATER WARNING

FAILURE OF A FILTRATION OR DISINFECTION PROCESS

**ESTE INFORME CONTIENE INFORMACION IMPORTANTE ACERCA DE SU AGUA POTABLE.
HAGA QUE ALGUIEN LO TRADUZCA PARA USTED, O HABLE CON ALGUIEN QUE LO ENTIENDA.**

The Mansfield Municipal Authority is experiencing operational conditions that compromise the water quality.

BOIL YOUR WATER BEFORE USING

On 9/8/19, operational plant conditions or deficiencies were identified at 782 Shaw Road.

These deficiencies include:

An interruption to the disinfection treatment.

There is an increased chance that the water may contain disease-causing organisms.

What should I do?

DO NOT DRINK THE WATER WITHOUT BOILING IT FIRST. Bring all water to a boil, let it boil for one minute, and let it cool before using, or use bottled water. Boiled or bottled water should be used for drinking, making ice, brushing teeth, washing dishes, and food preparation **until further notice**. Boiling kills bacteria and other organisms in the water.

Inadequately treated or inadequately protected water may contain disease-causing organisms. These organisms include bacteria, viruses, and parasites which can cause symptoms such as diarrhea, nausea, cramps, and associated headaches.

These symptoms above are not caused only by organisms in drinking water. If you experience any of these symptoms and they persist, you may want to seek medical advice. Guardians of infants and young children and people at increased risk, such as pregnant women, some of the elderly and people with severely compromised immune systems, should seek advice from their health care advisors about drinking this water.

What is being done?

The chlorine feed was restored to normal at 9:45 am on Sunday September 8th. We are collecting samples to make sure that there is no bacteria in the water. Therefore this is a precautionary boil advisory.

We will inform you when you no longer need to boil your water.

For more information, please contact: Mansfield Municipal Authority
14 South Main Street
Mansfield, Pa 16933
 at 570-971-8450 Richard Correll

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or by distributing copies by hand or mail.

This notice is being sent to you by Mansfield Municipal Authority Administrative Assistant, Taylor Route.
