Dear Mansfield Borough Residents and Commercial Businesses,

Effective January 1st 2021 we will be your new trash hauler. We are excited and look forward to providing you with your trash service. All residential trash pickup will be Tuesday starting at 5:00am, we will not be dividing the Residential pickup in to two days.

Commercial trash pickup may be on a different day. We will contact you individually to notify you of your pickup day.

We will be starting at 5:00am in the morning on the day of your pickup. It may take a few weeks to decide if the pickup routes are effective. One of the objectives for servicing the downtown area early in the morning is to avoid school. Please be patient as it may take the month of January to accomplish our pickup schedule. Once we are confident the routes are complete, we usually do not change our pickup schedule.
